

Quality-of-Hire Recruitment Strategies - Free Seminar in partnership with GrowthAccelerator

“In a competitive market, each company must strive to improve the level of talent in its pool of employees. Each new hire has the potential to either enhance the overall performance of the business or diminish it...so, as recruiters we must ensure we metaphorically guard our front door and only allow the most suitable candidates in.”

Chuck Russell, author: Right Person-Right job, Guess or Know

If you are a high growth potential business you will want the edge over your competition and to recruit the very best talent, you need to know how to look beyond the CV and assess a candidates potential.

This highly practical seminar designed to develop recruitment skills and addressing the types of issues specifically faced by SME companies where both candidate quality and recruitment cost considerations are paramount in many recruitment decisions.

GrowthAccelerator

Part 1 - Growth Accelerator – Helping High Growth Potential Organisations

GrowthAccelerator, a service which delivers uniquely tailored advice and support to fast-growing business and how the service offers match funding of up to £2,000 for every senior manager involved in the strategic direction of the business. The service matches experts in business to companies with high growth potential, to provide a bespoke programme of coaching, connectivity, workshops and leadership training, all designed to help business owners and directors ensure their companies fulfil their growth potential.

Part 2 - PCSL HR & Introducing PeopleClues Assessments

With over 20 years experience in recruitment, this session will give you the insight you need to recruit future talent for your business and show you how to reduce employee turnover, recruit faster, smarter and reduce your recruitment costs.

What's included in the seminar?

- What makes up quality of hire?
- How to measure quality of hire
- Why Quality of Hire is more important than some of the other metrics
- The psychology behind quality of hire and how to accurately assess it
- Top tips for seeing the best candidate through to successful hire.

Is this event for you?

- Are you being asked to recruit yourself and wonder how best to get started?
- Are you interested in identifying and recruiting future talent for your business?
- Would you like to spend less time sieving through unsuitable applications and more time speaking to great talent?
- Do you feel concerned that you're not fully able to predict how good a new employee will be?
- Are you looking to slash your current recruitment costs, whilst improving quality?

PLEASE NOTE: This seminar is exclusively for business professionals from high growth potential companies that have between 25 and 250 staff and a turnover of under £40 million.
